Unit K16 Riverside Complex, Bell
Flower Str, Fluerhof 1709
Johannesburg ,South Africa

Birth Date

03/Jan/2000

Other Info

Skills

- SQL/MySQL
- Management skills
- JavaScript, Angular, Java, C, C++, PHP, HTML5, CSS, Docker and Cloud Computing.
- Time management
- IT and Computer Skills/ Programming Skills.
- Clear Communication Skills..
- Critical Thinking.
- good written and verbal communication skills, computer literacy and the ability to prioritise workloads

Summary

I finished my studies at We Think Code as a software engineering student in 2020. Over the past two years I had the opportunity to explore various programming languages including C, PHP, HTML, CSS, JavaScript, Java, etc. During the course of my studies I've had the opportunity to do an internship with BCX. I have a huge interest in web development because it helps bring the rest of the world together.

In 2021 I was part of the Motorite/Motovantage learnership program. While I was at MotoVantage I was part of the Sales Support team where I was loading different types of policies. I also cancelled policies using different cancellation codes, cleared referrals and enforced policies.

Education

We Think Code

2018 - 2020

Software Engineering

We Think Code is a free programming and coding course which aims to address the scarcity of developers in South Africa.

Lincoln Heights Secondary

2013 - 2017

Grade 12

English, IsiZulu, Mathematics, physical Sciences, Life Sciences, Geography, Life Orientation.

Languages

English
Isizulu

Interest

hand work, traveling, music

Experience

BCX(Business Connexion)

2019/02/01 - 2019/05/31

Software Engineer (Frontend Developer)
My internship at BCX was Amazing. I was part of the IOT team. I worked on real life client projects. As a Frontend developer I created apps and websites that are user friendly. During my internship at BCX I was able to improve my programming skills, communication and team work.

MotoVantage

2021/01/04 - 2021/12/31

Sales Support Administration (Leanership)
My learnership at MotoVantage was a great opportunity. I was part of the Sales support team, I learned to enforce policies and and create cases, load different type of policies into their system, cancel policies using different cancellation codes and also clear referrals, I learned a lot while i was at MotoVantage. I was also exposed to Microsoft word, excel, power point and microsoft office.
